History for machine-learning-assignment / 07 / assignment_07.ipynb

🔗 Commits on May 4, 2022

final commit 👤 2haein committed 1 minute ago
gradient descent for the optimization 👤 2haein committed 8 minutes ago
compute loss for optimize gradient descent 👤 2haein committed 10 minutes ago
compute theta for optimize gradient descent 👤 2haein committed 11 minutes ago
compute the gradient 3 👤 2haein committed 14 minutes ago
compute the gradient 2 👤 2haein committed 15 minutes ago
compute the gradient 1 👤 2haein committed 21 minutes ago
compute the loss function 👤 2haein committed 22 minutes ago
compute the loss function 👤 2haein committed 32 minutes ago
compute the prediction function 👤 2haein committed 33 minutes ago
plot the data in the 3d space 👤 2haein committed 40 minutes ago
import library and load point data for training 👤 2haein committed 42 minutes ago
initial commit 👤 2haein committed 44 minutes ago
